5.0 Regulations with regard to the NCM

5.1 Relationship of x-clear with the NCM

A Trading Platform member shall not be obliged to become a Member. It may, however, enter into a GCM/NCM Agreement with a GCM and be given the status of an NCM (Non-Clearing Member).

An NCM participates in the Clearing Services of the Trading Platform Transactions it has concluded within the framework of the regulations and conditions of the GCM/NCM Agreement (pursuant to clause 5.2) via the GCM it has specified. Within the ongoing Clearing Services process, the NCM thus has no direct contractual relationship with x-clear and x-clear shall accept no direct responsibility vis-à-vis the NCM for losses or claims of any kind. This shall be clearly defined in the GCM/NCM Agreement and shall be accepted by the NCM – unless the NCM, as an option with respect to the possible Default of the GCM, applies for its own (subsidiary) membership (pursuant to clause 28.1.2 lit. b).

5.2 Relationship of the GCM with the NCM

Within the ongoing clearing process, the GCM acts towards x-clear as principal and not as an agent on behalf and for the account of the NCM.

In relation to the selection of account segregation pursuant to clause 20.0 and the selection and issuance of orders pursuant to clauses 28.1.2 and 28.1.3 (with respect to the possible Default of the GCM), the GCM acts towards x-clear as an agent on behalf and for the account of the NCM on the basis of the authorisation granted to it by the NCM in the GCM/NCM Agreement.

The GCM shall conclude a **GCM/NCM Agreement** with each NCM linked to it. The GCM shall ensure that each GCM/NCM Agreement into which it enters with an NCM correctly contains all of the elements listed in Annex 2 and shall give them due consideration. In particular, the GCM/NCM Agreement shall govern the authorisation of the GCM as the agent of the NCM with regard to i) the selection of account segregation (pursuant to chapter 20.0) as well as ii) the selection of the option to be carried out in the event of the possible Default of the GCM (pursuant to clause 28.1.2). For this purpose the GCM shall submit to x-clear the form that has been co-signed by the NCM (pursuant to the schedule to the GCM/NCM Agreement in Annex 2).

In the case of individual client account segregation (pursuant to chapter 20.0), the GCM shall request from the NCM at least the same level of Margins (equivalent values) as the GCM based on the Contractual Relationship is required to provide to the Collateral Accounts for the net obligations of the NCM ("*pass-through principle*").

General Terms and Conditions of Business (Swiss Law) for Clearing Services

5.3 Contractual obligations of the GCM vis-à-vis x-clear

The GCM shall submit to x-clear a copy of the authorisation(s) pursuant to clause 5.2 and inform x-clear immediately of any revocation thereof. The current status of the GCM/NCM Agreements shall be confirmed to x-clear on an annual basis.

In the case of individual client account segregation,

- a. the GCM shall inform x-clear of the names, addresses and contact details of the NCMs linked to it. x-clear shall be notified of any new NCMs, changes or departing NCMs in advance, and in any event 10 Business Days at the latest before these become effective, using the "Clearing and Settlement Standing Instructions (CSSI)" form. The GCM shall also notify x-clear of any changes to a GCM/NCM Agreement which are essential for Clearing Services by x-clear.
- b. the GCM shall, as the agent of the NCM, issue to x-clear the order that the Margin requirement needed for each NCM be calculated separately and agrees that this will be charged to it.

- k. of any matter, circumstance, change or occurrence which would cause a statement provided pursuant to this clause 9.0 or any information supplied in connection with the Member's application for Membership to be inaccurate or incomplete;
- l. of any breaches of its obligations under the Contractual Relationship or of breaches by it of the Applicable Laws including full particulars of the breach; and

General Terms and Conditions of Business (Swiss Law) for Clearing Services

11.0 Formation of Single Contracts

11.1 General

Single Contracts with x-clear are formed by acceptance of the Open Offer. Annex 1 defines per Trading Platform which process is applicable for Clearing Services of respective Trading Platform Transactions by x-clear.

11.2 Open Offer by x-clear

Subject to chapters 6.0 and 14.0, and in an instance where both Trading Platform members that are party to a Trading Platform Transaction are either GCMs, ICMs or NCMs, x-clear makes an Open Offer to each Member (which, pursuant to the relevant GCM-NCM Agreement, in relation to an NCM, is made to the GCM acting as principal on its behalf on a back-to-back basis) in respect of the Trading Platform Product to which the Trading Platform Transaction relates. At the moment that a Trading Platform Transaction arises, the Open Offer shall be deemed to have been accepted by each Member (which, in relation to a NCM, refers to the GCM acting as principal on its behalf on a back-to-back basis pursuant to the relevant GCM-NCM Agreement) whereupon two Single Contracts shall arise automatically by way of acceptance of the Open Offer between:

- (i) x-clear and the Selling Member where x-clear will assume the role of buyer of the Trading Platform Product to which the Trading Platform Transaction relates, and
- (ii) x-clear and the Buying Member where x-clear will assume the role of seller of the Trading Platform Product to which the Trading Platform Transaction relates.

11.3 Open Offer in case of election of a Co-CCP by counterparty

Subject to chapters 6.0 and 14.0, and in an instance where one Trading Platform member that is party to a Trading Platform Transaction is a GCM, ICM or NCM and the counterparty to the same Trading Platform Transaction, being a Trading Platform member, has elected for a Co-CCP (if any) to act as Central Counterparty (whether by virtue of that Trading Platform member's agreement with a Co-CCP GCM or otherwise), x-clear makes an Open Offer to the Member (which, in relation to an NCM, is made to the GCM acting as principal on its behalf on a back-to-back basis pursuant to the relevant GCM-NCM Agreement) in respect of the Trading Platform Product to which the Trading Platform Transaction relates. At the moment that a Trading Platform Transaction arises, the Open Offer shall be deemed to have been accepted by the Selling Member or Buying Member (as applicable), whereupon:

- (i) a Single Contract shall arise automatically by way of acceptance of the Open Offer between x-clear and the Selling Member or Buying Member (as applicable) where x-clear will assume the role of buyer or seller of the Trading Platform Product to which the Trading Platform Transaction relates, respectively, and
- (ii) an Inter-CCP Contract shall arise between x-clear and the Co-CCP pursuant to and subject to the relevant Link Agreement where x-clear will assume the role of buyer or

General Terms and Conditions of Business (Swiss Law) for Clearing Services

seller (as applicable) of the Trading Platform Product to which the Trading Platform Transaction relates.

11.4 Trading days

The trading days relevant for the Trading Platform Market are published by the Trading Platform.

12.0 Off-order-book-trades

Subject to the conditions set out below, x-clear will also act as the Central Counterparty in SSX Off-Order-Book Trades. The following rules apply:

- a. An Off-Order-Book Trade between two SSX Members will give rise to a bilateral agreement between the two SSX Members in accordance with the SSX Rules.
- b. Where both parties to an Off-Order-Book Trade are either Members or NCMs, x-clear will enter into the Off-Order-Book Trade as the Central Counterparty, if the Off-Order-Book Trade can be accepted into Clearing Services under the SSX Rules and the respective Rules & Regulations of x-clear and if the bilateral agreement referred to in letter a) can and will be cancelled at the moment of x-clear's interposition.
- c. Subject to cases defined in chapter 14.0, x-clear has the right to reject and cancel the Off-Order-Book Trade until the end of the first trading day after Matching (T + 1). If the Off-Order-Book Trade is cancelled, the bilateral agreement between the two Members will remain in force.
- d. Subject to chapter 11.0 and chapter 14.0 and in an instance where one SSX Member that is party to the Off-Order-Book Trade is a GCM, ICM or NCM and the counterparty to the same Off-Order-Book Trade, being an SSX Member, has elected for a Co-CCP, if any, to act as Central Counterparty, x-clear will enter into the Off-Order-Book Trade in respect of that Off-Order-Book Trade as the Central Counterparty, if the Off-Order-Book Trade can be accepted into Clearing Services under the SSX Rules and the Respective Rules & Regulations of x-clear as well as under the respective provisions of the Co-CCP. x-clear will only enter into the Off-Order-Book Trade if it gets confirmation by the Co-CCP on or before the Business Day following the trade date that an Inter-CCP Contract will arise between x-clear and the Co-CCP pursuant to and subject to the relevant Link Agreement.
- e. The interposition of x-clear as the Central Counterparty will give rise to two Single Contracts, the first between the selling Member and x-clear and the second between x-clear and the buying Member. These Single Contracts will not arise retrospectively but at the time of x-clear's interposition. The type of Security, the price and the number of Securities will be identical to the Off-Order-Book Trade and the remaining terms of these contracts will be subject to the GTC (Swiss Law). Chapters 11.0 and 14.0 will apply mutatis mutandis to the transfer of benefits and risks, time of performance, place of performance and pre-emptive rights, dividends and distributions.

- l. the Single Contract or corresponding Inter-CCP Contract or Trading Platform Transaction results or appears to result from a communications or information technology error or problem;

- p. x-clear considers at its discretion that, at the time of formation of the Single Contract, the corresponding Inter-CCP Contract (if applicable) or the corresponding Trading Platform Transaction, the relevant Member is not in compliance with its obligations relating to the provision of Margins and/or Default Fund Contributions.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

For the avoidance of doubt, x-clear shall not incur any liability as a result of losses, damages, injuries, delays, costs or expenses incurred or sustained by the Member by reason of such avoidance of a Single Contract or withdrawal or suspension of the Open Offer, respectively by x-clear declining to accede to Novation.

14.3 Cancellation of Inter-CCP Contracts

The Member acknowledges that, in accordance with the Link Agreement (if applicable), the Co-CCP may, in certain circumstances (including, without limitation, events relating to market disorder, impossibility of performance and trade emergency) implement measures to cancel concluded Inter-CCP Contracts to which it is a party, by revoking the registration of such Inter-CCP Contracts or otherwise, whether as a result of its suspension or cancellation of the provision of services offered by it as a Central Counterparty in respect of specific Trading Platform Products or otherwise. If such Co-CCP implements such measures, x-clear shall be entitled to cancel concluded corresponding Single Contracts to which it is a party or suspend or cancel Clearing Services services in respect of the Trading Platform Products subject to those measures.

14.4 Consequences of cancellation

In the event that a Single Contract is void or avoided pursuant to clauses 14.1 to 14.3 x-clear and the affected Member shall immediately be released from any and all rights, liabilities and obligations under the affected Single Contract and all amounts paid pursuant to such Single Contract shall be returned by the Buying Member to x-clear or by x-clear to the Selling Member, as the case may be, in each case without interest.

Any margins already provided by the Member on such Single Contracts shall be segregated and restituted.

Any further consequences related to the affected Single Contracts are subject to the rules of the respective Trading Platform.

14.5 Notification of cancellation

x-clear shall promptly notify the operator of the Trading Platform and the affected Member of the cancellation or avoiding of any Single Contract pursuant to clauses 14.1 to 14.3.

15.0 Terms of Single Contracts

15.1 Governing law

All Single Contracts shall be governed by and construed in accordance with Swiss Law.

15.2 Intervention by Governmental Authorities

Where x-clear is required or requested by a Governmental Authority to vary or suspend performance of a Single Contract or an Inter-CCP Contract (if applicable) at any time, it shall notify the Member and take such action as is required of it as soon as reasonably

General Terms and Conditions of Business (Swiss Law) for Clearing Services

practicable. The Member acknowledges and agrees that any affected Single Contract shall be suspended or varied accordingly.

15.3 Acting as principal

Each Member that is party to a Single Contract shall act as principal and not as agent. In performing its obligations and exercising its rights under the Contractual Relationship, x-clear shall treat the entitlement to rights of the Member pursuant to Single Contracts to be a full legal and beneficial entitlement, and not subject to any Encumbrance in favour of any Person other than x-clear.

15.4 Third parties

The liabilities and obligations of x-clear pursuant to Single Contracts extend only to, and are enforceable only by, the Member. A Person who is not a party to a Single Contract shall have no rights under or in respect of such Single Contract. Rights of third parties to enforce any term of any Single Contract are expressly excluded. Without limiting the generality of the foregoing, x-clear shall have no liability or obligation whatsoever to an NCM, nor to any Co-CCP ICM (if any), Co-CCP GCM (if any) or Co-CCP NCM (if any).

15.5 Liabilities and obligations of x-clear

x-clear shall have no liability or obligation in relation to any Trading Platform Transaction unless and until a Single Contract arises in accordance with these GTC and such Single Contract is not rendered void, avoided or otherwise cancelled, at which point x-clear's liabilities and obligations in respect of the Trading Platform Transaction shall be as determined under the Single Contract. x-clear's obligations and liabilities under any Single Contract shall be limited to those arising pursuant to the Contractual Relationship, and are subject to x-clear's right to avoid a voidable Single Contract.

15.6 Risks, rights and obligations of the Member

Under each Single Contract to which a Buying Member or a Co-CCP (if applicable and as buyer) is a party the benefits, risks, rights and obligations associated with the Trading Platform Product that is the subject of the Single Contract shall pass to the Buying Member (or the Co-CCP in the capacity of buyer) at the moment that the Single Contract is formed in accordance with these Trading Platform Specific GTC. Where, in respect of a Trading Platform Product, there is an entitlement to receive interest, dividends and any other distributions, such rights (referred to as "Entitlements" for the purposes of this clause) shall also form part of the Single Contract, provided that the Single Contract is formed before such Entitlement has expired. Where the Single Contract is formed on or after the expiry of an Entitlement, the Entitlement shall not form part of the Single Contract. Where income earned by the Buying Member (or the Co-CCP, if applicable and as buyer) accrues to the Selling Member (or the Co-CCP, if applicable and as seller) as a result of late delivery of the Trading Platform Product, it shall be a term of the Single Contract that the Selling Member (or the Co-CCP, if applicable and as seller) is subject to an obligation to transfer the value accruing under the Entitlement to the Buying Member (or the Co-CCP, if applicable and as buyer).

General Terms and Conditions of Business (Swiss Law) for Clearing Services

15.7 Settlement

Settlement of a Single Contract shall take place on the Intended Settlement Date or within such period after formation as is agreed between x-clear and the Approved Settlement System, all as further described in the Clearing Services Terms.

15.8 Contract Terms

The Contract Terms constitute the whole agreement between x-clear and the Member with respect to a Single Contract and supersede any previous arrangement, understanding or agreement between them relating to the subject matter of a Single Contract. The Member represents and warrants to x-clear that, in entering into each Single Contract, it does not rely on any statement, representation, assurance or warranty of x-clear or any other Person other than as expressly set out in the Contract Terms. The Member agrees that the only rights and remedies available to it arising out of or in connection with a Single Contract or their subject matter shall be solely in contract (and not in tort or otherwise), in accordance with the Contract Terms. Nothing in this clause shall limit or exclude any liability for fraud, death or personal injury or for any other liability which by law cannot be excluded.

15.9 Indemnification

The Member shall indemnify and hold harmless x-clear in respect of any Single Contract in accordance with the provisions of the Contractual Relationship relating to indemnity and liability. The liability of x-clear and its Representatives under any Single Contract shall be subject to all the exclusions on liability set out in the Contractual Relationship.

15.10 Precedence of Contractual Relationship

Each Single Contract shall be subject to the Contractual Relationship, which shall form a part of and be incorporated by reference into, the Contract Terms. In the event of any inconsistency between the Contract Terms and the Contractual Relationship, the Contractual Relationship shall prevail.

15.11 Representations and warranties

In relation to each Single Contract, the Member makes the following representations and warranties as at the formation of each Single Contract and also on a continuing basis throughout the duration of such Single Contract, that:

- a. the data submitted by it to the Trading Platform is complete and correct in all respects, noting that no representation or warranty is made as to the operational aspects related to Transaction Routing;
- b. the Trading Platform Rules and all Applicable Laws have been complied with in respect of the corresponding Trading Platform Transaction (except in relation to an NCM in respect of which the GCM has entered into a GCM-NCM Agreement);
- c. it is acting as principal and not as agent;

General Terms and Conditions of Business (Swiss Law) for Clearing Services

- d. except as permitted by the Trading Platform Rules, the Single Contract and the corresponding Trading Platform Transaction are free of all Encumbrances;
- e. neither the execution nor performance of the Single Contract by or on behalf of the Member or x-clear will breach or conflict with any provision of the constitutional or other organisational document of the Member, or with any agreement or Applicable Law which is binding upon or affects the Member (and in this respect the Member further acknowledges that x-clear will neither review nor be responsible for reviewing any provision of the Member's constitutional or other organisational document, any agreement to which the Member is party or which affects it or any Applicable Law which is binding upon or affects the Member with a view to determining the authority or ability of the Member to enter into or perform any Single Contract);
- f. the Member has full power and all necessary authority to enter into the Single Contract and perform any act that may be required pursuant to the Single Contract and pursuant to the Contractual Relationship in respect of the Single Contract; and
- g. a GCM-NCM agreement is in place (if the Member is a GCM) with a NCM in respect of whom it acts as a Member in relation to any Single Contract. This GCM/NCM Agreement is satisfying the requirements of Annex 2; in particular the NCM agrees that it has no direct contractual relationship to x-clear.

16.0 Permissible Collateral

16.1 Provision of Permissible Collateral

The provision and transfer of Permissible Collateral shall be effected in accordance with the Financial Collateral Agreement, the Clearing Terms and the Lending Norms.

16.2 Administration, proceeds and corporate actions

Responsibility for administering the Permissible Collateral shall rest with x-clear.

The following rules shall apply when Intermediated Securities are provided by the Member as Permissible Collateral and are booked on the Collateral Accounts of x-clear:

- a. x-clear shall be the holder of the participation rights (taking part in the annual general meeting, voting rights and rights of election) attached to the Intermediated Securities booked to the Collateral Accounts of x-clear. If the Member wishes to exercise such participation rights, it must replace the relevant Intermediated Securities required for the exercise of such rights with Permissible Collateral of the same value within a reasonable period of time prior to the exercise of any participation rights. x-clear shall not be liable for any loss suffered by the Member as a result of it being unable to exercise participation rights.
- b. All earnings (dividends, interest, and premiums) due on as well as any liquidation proceeds in respect of Intermediated Securities booked to the Collateral Accounts of x-clear shall entitle the Member to compensation payments from x-clear of the same

General Terms and Conditions of Business (Swiss Law) for Clearing Services

value (in the respective currency) of such earnings or proceeds, less any withholding tax and any expenses or charges actually incurred.

- c. x-clear shall be the holder of options, pre-emption rights and other rights (together, the “Attached Rights”) relating to the Intermediated Securities booked to the Collateral Accounts of x-clear and shall inform the relevant Member of the existence of any attached rights. Where the attached right embodies a choice, the Member may issue instructions to x-clear regarding the exercise of such choice, but must replace the relevant Intermediated Securities to which the attached right relates with Permissible Collateral of the same value within a reasonable period of time prior to the exercise of such attached right.

If the Member does not wish to exercise its right to issue instructions in relation to pre-emption rights, then such rights will normally be credited to the Member, unless credit entry is impossible, in which case compensation shall be paid to the Member on the basis of the average market value of these rights on the last trading day on the relevant Trading Platform before expiry of the pre-emption period.

x-clear shall not be liable for any loss suffered by the Member as a result of it being unable to exercise pre-emption rights. If distributions in respect of Intermediated Securities transferred as Permissible Collateral are in the form of Intermediated Securities, x-clear shall return these additional Intermediated Securities when the relevant Permissible Collateral is released.

17.0 Taxation of Permissible Collateral

The following rules shall apply:

- a. In the case of Permissible Collateral provided by Swiss Members in the form of Intermediated Securities of Swiss issuers, x-clear gives an assurance that the transfer of the Intermediated Securities as Permissible Collateral does not trigger Swiss transfer stamp taxes or Swiss withholding tax. The transfer of Intermediated Securities does not constitute a transfer of deed against consideration within the meaning of Art. 13 (1) of the Swiss Federal Act on Stamp Duty. Beneficial ownership of the Intermediated Securities of Swiss issuers according to Art. 21 ff. of the Swiss Federal Act on Withholding Tax remains with the Swiss Members. It rests with the Swiss Members to secure the refund of the withholding tax. The provisions of this sub-clause let. a. shall apply as long as the Permissible Collateral is not realised.
- b. In the case of Permissible Collateral provided by non-Swiss Members in the form of Intermediated Securities of Swiss issuers, the Member accepts that (i) any taxes on the transfer of Intermediated Securities to x-clear are to be borne by the Member; (ii) any additional withholding tax burden is to be borne by the Member; and (iii) x-clear is not liable for any reduction or impairment of a refund of withholding tax payments made on such Intermediated Securities.
- c. A Member wishing to use Intermediated Securities of non-Swiss issuers as Permissible Collateral for Margin, shall clarify the tax consequences (such as withholding tax or

General Terms and Conditions of Business (Swiss Law) for Clearing Services

transfer stamp taxes) in respect of these Intermediated Securities of non-Swiss issuers. A Member who deposits Intermediated Securities of non-Swiss issuers as Permissible Collateral in spite of any potentially adverse tax consequences accepts that (i) any taxes on the transfer of securities to x-clear are to be borne by the Member; (ii) any additional withholding tax burden is to be borne by the Member; and (iii) x-clear is not liable for any reduction or impairment of a refund of withholding tax payments made on such Intermediated Securities.

- d. The Member shall be liable to x-clear for any further tax charges (including, without limitation, corporate income taxes) incurred either by the Member or x-clear as a result of the provision of Permissible Collateral in addition to the tax consequences cited under paragraphs a. to c. above. The same holds true for any further tax charge in case Permissible Collateral must be realised.

18.0 Realisation of Permissible Collateral and x-clear's Dedicated Capital Contribution

18.1 General rule

x-clear shall be entitled to realise the Permissible Collateral, which is provided by the Member and booked to the Collateral Accounts, and to use the proceeds of any realisation as specified in the Financial Collateral Agreement and the Contractual Relationship.

18.2 Order of realisation of collateral

In the event of Default of a Member, x-clear shall be entitled to realise the Permissible Collateral provided by the Member and its own funds ("Layers of Collateral") in the following order:

1. Permissible Collateral provided by the Defaulting Member to satisfy its Margin obligations and equivalent obligations in respect of Single Contracts subject to Clearing Services by x-clear (pursuant to the Financial Collateral Agreement);
2. Default Fund Contributions of the Defaulting Member to the relevant Default Fund Segment (pursuant to the Financial Collateral Agreement);
3. a maximum of 25 per cent of the capital of x-clear ("Dedicated Capital Contribution" as defined in clause 18.3 hereafter);
4. Default Fund Contributions made by non-defaulting Members to the relevant Default Fund Segment (pursuant to the Financial Collateral Agreement);
5. Default Fund Replenishment Contributions made by non-defaulting Members to replenish the relevant Default Fund Segment (pursuant to the Financial Collateral Agreement);
6. Top-up Contributions made by non-defaulting Members (pursuant to the Financial Collateral Agreement); and
7. the remainder of x-clear's own reserves and capital.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

18.3 **x-clear's Dedicated Capital Contribution**

Before using Default Fund Contributions of non-defaulting Members x-clear shall use 25 per cent of its own capital (the "Dedicated Capital Contribution") to cover losses caused by a Member Default.

x-clear shall make a Dedicated Capital Contribution for the entire amount (totalling 25 per cent of its determined capital) only once in a period of 1 month following any Member Default which necessitated the use of such contribution ("Cooling-off Period of x-clear"). In case of use of only a portion of the Dedicated Capital Contribution (being a fraction of the 25 per cent of x-clear's capital), the Cooling-off Period of x-clear shall also apply to that portion only. Any losses occurring within the Cooling-off Period which are exceeding any residual Dedicated Capital Contribution shall be absorbed by the subsequent Layer(s) of Collateral (items 4 to 7 of clause 18.2 above).

After any use of the Dedicated Capital Contribution x-clear shall reinstate its own reserves and capital to the extent as required by the Swiss Financial Market Infrastructure Ordinance and the Swiss Capital Adequacy Ordinance within the period of time determined by FINMA/SNB.

18.4 **Purpose of collateralisation**

The Member acknowledges and agrees that the purpose of the rules of this chapter 18.0 and, *inter alia*, the provision of Margin and Default Fund Contributions is to address and prevent the incidence of systemic risk that may arise in relation to Clearing Services, the Trading Platform Markets or the respective Trading Platforms.

19.0 **Further rules common to Permissible Collateral**

19.1 **Representations and warranties by Member**

The Member will act as principal and not as agent when providing Permissible Collateral. x-clear will take no account of any right or interest which any Person other than the Member has or may have in connection with any Permissible Collateral. The Member represents and warrants to x-clear on each date on which the Member provides to x-clear Permissible Collateral and on a continuing basis whilst such Permissible Collateral remains held by x-clear, that:

- a. such Permissible Collateral is provided on the basis that it may be used by x-clear and applied in accordance with the relevant Financial Collateral Agreement and the Contractual Relationship;
- b. the Member is the sole legal owner of all Intermediated Securities or cash used for the Permissible Collateral;
- c. the Permissible Collateral is free and clear of any Encumbrances of the Member or of any third person (other than a lien routinely imposed on all securities in a relevant settlement system or central securities depository, not being x-clear);

General Terms and Conditions of Business (Swiss Law) for Clearing Services

- d. all rights, title and interest in and to any Permissible Collateral transferred shall vest in x-clear free and clear of any rights or Encumbrances of the Member or of any third person accordingly; and
- e. the Member is not in breach of any of its contractual obligations towards any third party (including towards any NCM or any x-clear Client) or of any Applicable Laws as a result of the transfer of Permissible Collateral to x-clear.

19.2 Representations and warranties by x-clear

x-clear represents and warrants to the Member that any Securities provided as Permissible Collateral and returned to the Member are not subject to any trust, agreement, arrangement or Encumbrances created or granted by x-clear and that the return of such Permissible Collateral to the Member is not in breach of any contractual obligation of x-clear towards any third party or of any Applicable Laws.

19.3 Liabilities of Member

The Member shall be liable to x-clear for any fees, costs, losses, damages, expenses, delays or liabilities incurred by x-clear as a result of x-clear possessing, holding, perfecting the title to or otherwise being associated with, or dealing with, any Intermediated Securities or cash provided to x-clear by the Member as Permissible Collateral.

20.0 Account structures

The Member shall have at its disposal the structures more specifically defined in the Clearing Terms for individual client and omnibus client account segregation with respect to its House Accounts and its Client Accounts as well as the NCMs linked to it. The Member shall select the structure that best suits its accounts and custody accounts for claims and liabilities from Outstanding Contracts as well as for depositing Permissible Collateral (Collateral Accounts) and that is in accordance with its Applicable Law. Collateral Accounts shall be held by the Member at the Account Operator.

For Clearing Services by x-clear carried out through the Member for NCMs linked to it, the latter shall be granted a mandatory right in the GCM/NCM Agreement (pursuant to clause 5.2 and Annex 2) to select in favour or against individual client account segregation. Such selection must be followed by the GCM.

21.0 Settlement

21.1 Provision of transaction details

The operator of the Trading Platform will send relevant details in relation to Trading Platform Transactions involving a Member to x-clear for Clearing Services, netting and the preparation of settlement instructions.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

21.2 Confirmation and places of Settlement

x-clear will confirm the Trading Platform Transaction and the associated Clearing Services, netting and settlement instruction details to the Members or the Co-CCP (if applicable) who are counterparties to the Single Contracts or the Inter-CCP Contract, respectively, arising from the relevant Trading Platform Transaction.

Settlement of the Single Contracts or the Inter-CCP Contracts, if applicable, will be effected in the relevant central securities depository or other Approved Settlement System, all in accordance with the Clearing Terms.

21.3 Approved Settlement System

The Member and the Co-CCP (if applicable) shall settle Outstanding Contracts through their participation (whether or not through settlement agents) in the Approved Settlement System and shall have appropriate settlement arrangements in place to enable Settlement of Outstanding Contracts to take place in accordance with these GTC and the Clearing Terms.

The Member and the Co-CCP (if applicable) shall, either themselves or through settlement agents, in accordance with the rules of the Approved Settlement System, maintain at least one custody account to hold Trading Platform Products and a cash memorandum account at a bank accepted by the Approved Settlement System for the purposes of Settlement.

The Member and the Co-CCP (if applicable) or their settlement agents (if any) shall comply with the rules, requirements and obligations applicable to them pursuant to the rules of the Approved Settlement System.

21.4 No liability of x-clear

No liability shall attach to x-clear if the standards as defined in the Contractual Relationship for communication, authentication and data security are not met by a relevant Approved Settlement System, settlement agent or settlement bank.

21.5 Holding of sufficient Trading Platform Products or cash

The Member shall ensure that there is a sufficient quantity of Trading Platform Products or sufficient cash, as the case may be, available to enable Settlement of Outstanding Contracts to take place on the Intended Settlement Date. If the Member does not hold a sufficient quantity of Trading Platform Products or sufficient cash, as the case may be, to enable Settlement of Outstanding Contracts to take place on the Intended Settlement Date, the provisions in chapter 22.0 and chapter 27.0 in respect of a Member's non-performance and Default shall apply.

21.6 Power of attorney to NCM

If the GCM wishes an NCM (in respect of which the GCM has executed a GCM-NCM Agreement) to receive delivery of the Trading Platform Product or payment, as the case may be, as agent of the GCM, the GCM shall grant a legally valid and binding power of attorney to

General Terms and Conditions of Business (Swiss Law) for Clearing Services

the NCM in favour of such NCM. The GCM shall notify x-clear of this power of attorney in writing, including a copy of such power of attorney with such notification.

21.7 **Settlement agent**

General Terms and Conditions of Business (Swiss Law) for Clearing Services

of time to remedy the breach and its cause. The Member shall immediately take steps accordingly and reimburse x-clear for any losses, damage, adverse effects, delays, costs and expenditure that x-clear has had to bear as a result of the non-fulfilment or inadequate fulfilment as well as the corrective measures x-clear has had to take in this regard.

27.5 Measures by x-clear upon Default

On occurrence of the Member Default, x-clear shall take with immediate effect each of the following measures (letters a. to c.):

a. Suspension of Open Offer and/or Novation

The Open Offer and/or Novation process as well as the provision of Clearing Services to the Member is suspended (with regards to the specific Trading Platform Products or in another way) with immediate effect.

b. Close-out Procedure

A Close-out Procedure shall be initiated with respect to all the Outstanding Contracts of a Defaulting Member.

The elements of this procedure are:

The Outstanding Contracts of the Defaulting Member are either

- fulfilled and settled where legally permissible and practicable and in consultation with the recovery agent or bankruptcy liquidator in the regular process in accordance with their terms and the Contractual Relationship; or
- at x-clear's discretion and in consultation with the recovery agent or bankruptcy liquidator, where fulfilment and settlement in the regular process is deemed to be unlikely or impossible or impracticable, fulfilled and settled following a **buy-in** or **sell-out** of the net positions of the contracted Trading Platform Products by x-clear.

As part of this process, the differential values of the net positions are determined per ISIN and currency of the Outstanding Contracts based on the actual purchase costs / sales proceeds.

By aggregating and netting all of the amounts to be paid to and by the Defaulting Member (per currency), a Close-out Settlement Amount is calculated, which is owed either by the Member or by x-clear from the time the Default Notice is sent (pursuant to clause 27.4) or the mandatory Event of Default (pursuant to clause 27.3) occurs, in particular the opening of bankruptcy proceedings. This amount is netted against the Permissible Collateral of the Defaulting Member or paid to this Member. The details of this procedure are regulated in the "Termination and Suspension Procedure Rules" (published on the website of SIX Securities Services) and in the Financial Collateral Agreement;

In any case, the above procedure is subject to the contractual provisions relating to the avoidance of Single Contracts (chapter 14.0) and the legal provisions relating to the cancellation of debits or credits.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

- c. In addition to the amounts calculated in the Close-out Procedure, the Member shall be charged all costs and expenses arising in conjunction with the Event of Default. This includes, but is not limited to, costs relating to the liquidation of Collateral, compensation payments for Late Settlement, costs in relation to buy-ins or sell-outs, legal fees or any related extrajudicial expenses as well as, where legally permissible, any interest costs.

x-clear can postpone the taking of such measures in time, especially if a respective order by a governmental supervisory or judicial authority has been issued.

Furthermore and notwithstanding the other provisions of this clause 27.5, x-clear may decide to terminate the Membership of the Member in accordance with chapter 4.0.

x-clear shall inform the Member in advance of the measures to be taken, except in the event of situations x-clear deems to be urgent.

27.6 **Members with more than one x-clear Partner ID**

In particular, a collective Close-out Procedure shall take place, which results in a single Close-out Settlement Amount per currency being calculated for this Member.

27.7 **Netting for affiliated Members ("Group Netting Clause")**

Each Member that belongs to a legally affiliated group of companies (affected Group) and has signed a separate, written declaration of consent to the Group Netting Clause (as set out in Annex 4) shall hereinafter be referred to as a "**Consenting Member**".

Unless there are any mandatory standards under Applicable Law to the contrary, x-clear shall be entitled (but not obliged) for Consenting Members of this affected Group which are in Default or were set in Default by x-clear (the "Defaulting Consenting Members") to calculate the Close-out Settlement Amounts and to net these Close-out Settlement Amounts together per currency into one net amount.

If this net amount is in favour of the Defaulting Consenting Members, x-clear shall transfer this net amount on a pro rata basis according to the individual Close-out Settlement Amounts to those Defaulting Consenting Members which have positive Close-out Settlement Amounts. The individual pro rata positions result from the individual positive Close-out Settlement Amounts of the respective Defaulting Consenting Member which are divided by the sum of all positive Close-out Settlement Amounts.

If this net amount is owed by the Defaulting Consenting Members, this net amount shall be allocated to the single Defaulting Consenting Members on a pro rata basis according to the individual Margin requirements (i.e. in relation to the individual total Margin requirements of each Defaulting Consenting Members to the sum of the total Margin requirements of all

General Terms and Conditions of Business (Swiss Law) for Clearing Services

Defaulting Consenting Members) and shall be settled accordingly by the realisation proceeds of the Permissible Collateral of the single Defaulting Consenting Members.

If for a Member that belongs to an affected Group consent for the Group Netting Clause has not been obtained from all Members of this Group, the requirements for the provision of Permissible Collateral may be amended in line with the risk involved.

27.8 **Excess proceeds of Close-out Procedure or Late Contribution**

In the event that:

- a. Default Fund Contributions and/or Top-up Contributions of non-defaulting Members have been realised pursuant to the Financial Collateral Agreement and excess amounts remain after the Close-out process (as defined in clause 27.5 let. b.); or
- b. a Defaulting Member makes a Default Fund Contribution after the Default Fund Contributions and/or Top-up Contributions of non-defaulting Members have been realised but only in cases where such contributions by the Defaulting Member are made pursuant to obligations arising prior to such realisation (here referred to as a "Late Contribution"),

then x-clear shall make on a pro rata-basis a total compensation to the non-defaulting Members whose Default Fund Contributions and/or Top-up Contributions have been realised from such proceeds of the Close-out process or Late Contribution up to the maximum amount of the Default Fund Contributions and/or Top-up Contributions made by all Members at the time of the realisation.

27.9 **No waiver of entitlement**

28.0 **Claims, liabilities and Margins of NCMs in the Default of the GCM**

28.1 **Pre-arranged solutions**

28.1.1 **Key principles and requirements**

In the event of a Default by a GCM, x-clear shall ensure that the pre-arranged solutions are carried out by treating all claims and liabilities against x-clear as well as the Margins (according to clause 5.2) of the NCMs linked to the Defaulting GCM in accordance with the applicable contractual agreements and orders, which are in particular:

- the Contractual Relationship of x-clear with the GCM and the Back-up GCM

for Clearing Services

- in the case of individual client account segregation, the selection made by the individual NCMs (pursuant to clause 28.1.2)

x-clear shall carry out the pre-arranged solution selected by the NCM (in accordance with the following options 1 - 3) within 48 hours after the issuance of a Default Notice of the GCM concerned (pursuant to clause 27.4), provided this solution can be implemented in a timely manner and the following requirements are met:

- a. The following documents must be in place and the corresponding measures taken:
 - Order from the Back-up GCM as the agent of the NCM pursuant to clauses 28.1.2 lit. a. and 28.1.3 as well as the technical activation of the Member based on the instructions on the CSSI form, or
 - Request by the NCM for admission as an ICM pursuant to clause 28.1.2 lit. b. and activation as a Member based on the instructions on the CSSI form, or
 - Order by the Defaulting GCM as the agent of the NCM pursuant to clause 28.1.2 lit. c., which was given based on consent of the recovery agent or by the bankruptcy liquidator;
- b. Existence of a Legal Opinion as to the soundness and enforceability of the selected solution pursuant to clauses 28.1.2 and 28.1.3, in particular based on the applicable insolvency law;
- c. Additionally in the case of porting (pursuant to clauses 28.1.2 lit. a. and 28.1.3), the coverage of the same settlement markets by the Back-up GCM as the Defaulting GCM;
- d. Additionally in the case of porting (pursuant to clauses 28.1.2 and 28.1.3), the existence of a confirmation from the Back-up GCM of its unconditional agreement to the porting. This confirmation must be issued within 8 Business Hours after the Back-up GCM being informed by x-clear of the occurrence of the Default of the GCM and the amount of the outstanding claims and liabilities as well as the Margins that must be transferred in the form of Permissible Collateral.

The following must be noted:

- x-clear does not offer any safeguards with respect to contributions from NCMs to the assets pledged by the GCMs for Default Funds. This applies irrespective of whether these were made in the form of cash and/or securities.
- In jurisdictions in which Applicable Laws do not explicitly grant exceptions from regular insolvency rules and proceedings with respect to the options and procedures as defined hereafter (clauses 28.1.2 and 28.1.3) a consent or an executorial order (as the case may be) from the responsible restructuring agent, or if bankruptcy proceedings have been initiated, from the bankruptcy liquidator is required. The GCM shall expressly inform the NCM accordingly.

General Terms and Conditions of Business (Swiss Law)

for Clearing Services

- However, in jurisdictions in which Applicable Laws so require, x-clear shall in accordance with such laws port the positions and Margins of NCMs to a Back-up GCM without the consent of the Defaulting GCM, its restructuring agent (where employed) or bankruptcy liquidator.

The pre-arranged solutions are based on the account segregation selection made by the linked NCMs (pursuant to chapter 20.0). The following options are therefore available:

28.1.2 Options in case of individual client account segregation (individual segregation)

In the case of individual account segregation, the GCM shall notify the NCMs linked to it of their right to select between the options listed below in order to protect their claims and liabilities as well as the Margins they have provided with respect to the possible Default of the GCM.

Each NCM shall decide on one of the three following options.

- a. Individual porting to a Back-up GCM:
The NCM independently selects a Back-up GCM and concludes a Back-up GCM/NCM Agreement with it pursuant to the requirements in Annex 2. The Back-up GCM must already have a membership as a Member. The Back-up GCM shall inform x-clear that it has accepted its back-up function and shall issue an order to x-clear in accordance with the template in Annex 2 to set up the necessary account structures and take any other measures required for a possible porting. x-clear shall confirm this order and inform the Back-up GCM and the NCM once it has taken these measures.
- b. Independent membership and transfer into own Clearing Services Accounts and Collateral Accounts:
The NCM shall make a direct application to x-clear to be admitted as a ICM (Individual Clearing Services Member). x-clear shall review this application and then accept or reject it. If this application is accepted, x-clear shall initiate the regular acceptance procedure. The NCM may hold this membership on a subsidiary basis prior to the occurrence of the Default of the GCM, i.e. not using it, or only using it on a selective basis.
- c. Settlement by means of the Close-Out Procedure (pursuant to clause 27.5 lit. b):
The GCM and the NCM shall agree that upon occurrence of the Default of the GCM, a Close-out Procedure be carried out with respect to the claims, liabilities and Margins of the NCM. In the case of its Default, the GCM as the agent of the NCM shall, in consultation with its restructuring agent (where employed) or, once bankruptcy proceedings have been initiated, the responsible bankruptcy liquidator at the request of the NCM, issue an order to x-clear to carry out a Close-out Procedure pursuant to 27.5 lit. b. In this case, the payment of a positive Close-Out Settlement Amount shall be made directly to the NCM, while a negative Close-out Settlement Amount shall be netted against the proceeds from the Permissible Collateral of the GCM.

The GCM shall inform x-clear (pursuant to the requirements in Schedule 2 to the GCM/NCM Agreement in Annex 2) of the selection of the NCM with respect to the options set out above.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

28.1.3 Option in case of omnibus client account segregation (omnibus segregation)

In the case of omnibus account segregation, the GCM, as the agent of its NCMs, shall enter into an agreement with a Back-up GCM ("**GCM/Back-up GCM Agreement**"), whereby in the case of its Default, the GCM or the bankruptcy liquidator shall issue an order to x-clear to collectively transfer all claims and liabilities as well as the Margins of all NCMs linked to it to the respective Back-up GCM ("**collective porting**"). It is only possible to split the claims and liabilities amongst multiple Back-up GCM where the Defaulting GCM has multiple omnibus accounts for different groups of NCMs. The Back-up GCM must already have membership as a Member.

The GCM shall consult the NCMs linked to it prior to selecting the Back-up GCM and concluding the GCM/Back-up Agreement.

The Back-up GCM shall notify all NCMs concerned that it has accepted its back-up function and signed the GCM/Back-up GCM Agreement. The Back-up GCM shall also inform x-clear that it has accepted the GCM/Back-up Agreement and shall issue an order to x-clear (in accordance with the template in Annex 2) to set up the necessary account structures and take any other measures required for a possible porting. x-clear shall confirm this order and inform the Back-up GCM once it has taken these measures.

The Back-up GCM shall conclude a Back-up GCM/NCM Agreement with each NCM concerned in accordance with the requirements in Annex 2.

28.2 Procedure if no pre-arranged solutions are in place

If, prior to the occurrence of the Default of the GCM, the NCMs do not make a selection pursuant to clause 28.1.2 or the GCM as the agent of the NCMs has not concluded a Back-up GCM Agreement (pursuant to clause 28.1.3) or the requirements pursuant to 28.1.1 have not been fulfilled or it transpires that the solution selected (pursuant to clauses 28.1.2 or 28.1.3) cannot be implemented in good time, x-clear shall, in the event of the Default of the GCM and having obtained consent from the responsible restructuring agent, or if bankruptcy proceedings have been initiated following a corresponding order from the bankruptcy liquidator as well as in accordance with the account segregation selection made by the NCM (pursuant to chapter 20.0) as well as taking into consideration the requirements pursuant to clause 28.1.1, either

- a. carry out a **Close-out Procedure individually** for each NCM concerned pursuant to clause 27.5 let. b. with respect to its claims and liabilities as well as Permissible Collateral for Margins referable to the NCM. In this case, the payment of a positive amount (calculated in accordance with clause 27.5 let.b. shall be made directly to the NCM, while a negative amount (calculated in accordance with clause 27.5 let.b. shall be netted against the proceeds from the Permissible Collateral of the Defaulting GCM; or
- b. carry out a **Close-out Procedure collectively** for all claims and liabilities as well as all Permissible Collateral for Margins of the NCMs linked to the Defaulting GCM pursuant to clause 27.5 let. b. and credit a resulting positive amount (calculated in accordance with clause 27.5 let.b. to the Defaulting GCM for the account of the NCMs (in accordance with

General Terms and Conditions of Business (Swiss Law) for Clearing Services

the Defaulting GCM's account segregation structure) or net a resulting negative amount (calculated in accordance with clause 27.5 let.b.) against the proceeds from the Permissible Collateral of the Defaulting GCM.

29.0 Default of x-clear

29.1 Events of Default and Default

29.2 General rule

29.3 Close-out Procedure

Subject to any other regulatory provisions, the following Close-out Procedure shall apply in the event of a Default by x-clear:

 - (ii) the Trading Platform Products to be delivered to or by x-clear are purchased / sold by means of a buy-in or sell-out by x-clear or its bankruptcy liquidator and then the Close-out Settlement Amounts are calculated, which are offset against the Permissible Collateral or paid out to the Members.

The details of this procedure are regulated in the "**Termination and Suspension Procedure Rules**", which are published on the website of SIX Securities Services.

General Terms and Conditions of Business (Swiss Law) for Clearing Services

- c. In any case, the above procedure is subject to the contractual provisions relating to the avoidance and dissolution of individual contracts and the legal provisions relating to the cancellation of debits or credits.

32.1 Payment obligations

The Member shall pay an annual membership fee, payable *pro rata temporis* in Swiss francs (CHF) as part of the regular monthly fees payable by the Member and as determined in accordance with the Rules and Regulations.

Suspension of Membership does not release the Member from the requirement to pay the membership fee or service fee. If Membership of the Member begins or is terminated during a calendar year the Membership fee paid for that year is payable or will be refunded *pro rata*.

32.2 Price List and monthly statement

x-clear will set out its service charges and membership fees in the Price List as published and issued to the Member from time to time. In setting its charges and fees the Member acknowledges and agrees that x-clear is entitled to take into account the charges and fees (if any) imposed on or charged to x-clear by the Approved Settlement System, the provider of Transaction Routing or a Co-CCP (if any). x-clear shall be entitled to vary the amount of the charges or fees from time to time and shall notify the Member of such changes in accordance with chapter 3 of the Contract for Clearing Services (Swiss Law).

General Terms and Conditions of Business (Swiss Law) for Clearing Services

The Member may revoke the direct debit instruction with 14 days' notice, provided that a replacement arrangement at SIS is established prior to such revocation.

33.0 Notifications

The Member shall recognise and consent to x-clear notifying a Governmental Authority, the Trading Platform, a Co-CCP (if any), the provider of Transaction Routing, the Approved Settlement System and the Account Operator where the Member:
