SCOPE, STRUCTURE, OWNERSHIP, CAPITAL, REGULATION AND AUDIT

The purpose of this section is to understand the ownership structure and financial strength of your institution, as well as the level of regulatory and operational supervision to which it is subject.

Response Necessary/Eligibility Question

1. Rule 17f-7, by reference to Rule 17f-4, requires that, for a depository to be eligible to hold securities of U.S. registered investment companies (such depositories hereinafter referred to as "Eligible Securities Depositories"), the depository must be a "system for the central handling of securities where all securities of any particular class or series of any issuer deposited within the system are treated as fungible and may be transferred or pledged by bookkeeping entry without physical delivery of the securities."

Are all securities of a particular class or series of any issuer that are deposited in your institution treated as fungible, and can they be transferred or pledged by bookkeeping entry without physical delivery of the securities?

- Yes
- No (please answer 1a)
- Other (please answer 1a)

1a. Please explain:

Response Necessary/Eligibility Question

2. Rule 17f-7 also requires that an Eligible Securities Depository "acts as or operates a system for the central handling of securities or equivalent book-entries in the country where it is incorporated," or "acts as or operates a transnational system for the central handling of securities or equivalent book-entries." Does your institution: (Choose all that apply.)

- Act as or operate a system for the central handling of securities or equivalent book-entries in the country where it is incorporated? (please answer 2b)
- Act as or operate a transnational system for the central handling of securities or equivalent book-entries? (please answer 2b)
- Act in another capacity with respect to the handling of securities or equivalent book-entries? (please answer 2a)
- Not applicable (please answer 2a)
- Other (please answer 2a)

2b. Please specify the types of securities for which you act as or operate a system for the central handling of securities or equivalent book-entries:

Government Bonds, Corporate Bonds, Equities, Money Market Instruments, Mutual Funds, Warrants, Derivatives, Structured Products

3. What type of legal entity is the institution? (Choose all that apply.)

- Public Company
- Private Company
- Central Bank (or part thereof)
- Stock Exchange (or part thereof)
- Other (please answer 3a)

4. Is the institution operated as a "for profit" or a "not for profit" organization?

- For profit
- Not for profit
- Other (please answer 4a)

5. Please provide the names of the owners and their ownership interest percentages.

SIX has several wholly-owned subsidiaries, one of these being SIX Securities Services, who in turn wholly owns SIX SIS. The owners of SIX comprise around 130 national and international financial institutes. The shares are widely distributed, i.e. no owner or bank category has an absolute majority. The major shareholders of SIX Group include:

- Large universal banks (UBS and Credit Suisse): 30.1%
- Foreign banks: 17.2%
- Commercial and investment banks: 16.9%
- Cantonal banks: 13.9%
- Private banks: 9.1%
- Regional and Raiffeisenbanks: 8.5%
- Treasury shares: 3.1%
- Others: 1.2%

6. Please answer the following:

6a. What is the date of establishment of the depository? 21/05/1999

6b. What is the date that the depository's operations began? 21/05/1999

7. Under what regulation or statute is the depository established and governed?

SIX SIS is currently licensed as a bank by the Swiss Financial Market Supervisory Authority (FINMA). Most likely till the end of 2017, SIX SIS will be licensed as a financial market infrastructure (also by FINMA) instead. To the relevant extent for a CSD, the Financial Market Infrastructure Act (FMIA) and the Financial Market Infrastructure Ordinance (FMIO) are applicable. The SNB-relevant regulation includes particularly the National Bank Ordinance (NBO), stating various minimum requirements SIX SIS has to comply with (art. 22 seqq. NBO).

FINMA and the SNB work together to monitor and supervise systemically important financial market infrastructures. The whole of SIX is also subject to consolidated supervision by FINMA. The level of scrutiny is high since FINMA has assigned SIX to its highest supervisory category (1) on account of its size, complexity and importance for the financial markets, and the consequent risks. FINMA defines the details and scope of the consolidated supervision in an appropriate manner, taking the exact business model operated by SIX into account. SIX SIS must comply with a range of regulatory requirements such as regular internal and external audits.

While SIX SIS is comprehensively regulated by the Swiss authorities, the global regulatory framework is changing, mainly driven by legislation developments in the EU and from the US.

7a. Is the regulation or statute electronically available?

- Yes (please answer 7b)
- No

7b. If regulation or statute is electronically available, please supply web address(es) here or upload document(s) in question 7c.

7c. Please supply document(s) here:

7d. Please provide details of the structure and composition of your Board together with their industry experience and responsibilities in governing the depository.

What are the qualifications to become a board member?

The Board members of SIX SIS are the CEO, CFO and CIO of SIX Group as well as two external members. art. 22a (1) seq. NBO prescribes that the members of the BoD, containing also non-executive directors, and senior management have an impeccable reputation and possess the experience and skills to perform their mandate (see also art. 8 (2) and art. 9 (1) and (2) Act Banking Act). FINMA has to give its consent to the members of both bodies and has done so.

7e. What are the election procedures?

Candidates are proposed by the board of SIX Group and elected by the shareholders meeting.

7f. What is the maximum length of time a board member can serve?

A board member is elected for a duration of 3 years; a reelection is possible.

7g. How are the voting powers distributed amongst the board members (i.e. does each board member have one vote or do certain members have additional voting power)?

All voting rights (1 share = 1 vote) of SIX SIS are held by its parent company SIX Securities Services respective SIX Group. Yes. The Board of Directors of SIX SIS counts 5 members each having one vote. The Board members are the CEO, CFO and CIO of SIX Group as well as two external members.

7h. Who is responsible for regulating the board members?

The Board of Directors has its performance regularly assessed by external audit (see art. 22a (1) NBO). The general shareholders meeting is responsible for regulating the board members.

Response Necessary/Eligibility Question

8. Rule 17f-7 requires that an Eligible Securities Depository “is regulated by a foreign financial regulatory authority as defined under section 2(a)(50) of the Act”, with section 2(a)(50) establishing that “‘foreign financial regulatory authority’ means any (A) foreign securities authority, (B) other governmental body or foreign equivalent of a self-regulatory organization empowered by a foreign government to administer or enforce its laws relating to the regulation of fiduciaries, trusts, commercial lending, insurance, trading in contracts of sale of a commodity for future delivery, or other instruments traded on or subject to the rules of a contract market, board of trade or foreign equivalent, or other financial activities, or (C) membership organization a function of which is to regulate the participation of its members in activities listed above.”

Response Necessary/Eligibility Question

21. Rule 17f-7 requires that an Eligible Securities Depository “holds assets for the custodian that participates in the system on behalf of the Fund under safekeeping conditions no less favorable than the conditions that apply to other participants.”

Please confirm that assets of foreign investors held by custodians as participants in the depository are held under safekeeping conditions no less favorable than the conditions that apply to other participants.

- Yes (please answer 21b)
- No (please answer 21a)
- Not applicable (please answer 21a)
- Other (please answer 21a)

21b. Please confirm the basis for the arrangements in place to ensure that the assets you hold for custodians receive the same level of safekeeping protection as the assets held for other categories of participants. (Choose all that apply.)

- Relevant Law and Regulation (please answer 21d)
- Standard participation contract (please answer 21d)
- Established terms and conditions of participation (please answer 21d)
- By-laws of the depository (please answer 21d)
- Rules of the depository (please answer 21d)
- Other (please answer 21c)

21d. For each item in Question 21b that you checked, please briefly supply references or citations to the law(s), regulation(s), or depository rule(s), participation condition(s), or participant contract provision(s), as applicable.

The account structure maintained generally is an omnibus structure, i.e. the assets are held by SIX SIS in favour of its participants. These assets are protected as client assets under local law. In the unlikely case of bankruptcy of SIX SIS (CSD in Switzerland), the positions of the clients will be detached in their favour (Art. 16 with Art. 37d of the Swiss Federal Act on Banks and Savings Banks). This also applies for uncertificated book-entry securities which are held with sub-custodians due to the fact that it is assumed that these positions belong to SIX SIS' clients (Art. 17 and 18 of the Federal Intermediated Securities Act, FISA).

For the Swiss market, where SIX SIS is the local CSD, participants' assets and those of their clients are not mixed up with the assets belonging to any other SIX SIS participants. According to Art. 69 FMIA, participants must segregate their proprietary assets from the assets of their clients. This affects all assets that are held at a CSD including the foreign markets.

22. How does the depository notify participants of material changes to the conditions of participation? (Choose all that apply.)

- By e-mail
- By telephone
- By public announcement
- By press release
- Other (please answer 22a)
- Not applicable

22a. Please explain:

We will inform participants about such changes with a corresponding News Flash and FrontLine Letter.

Governance of Participants

23. Who enforces compliance with the depository's conditions of participation? (Choose all that apply.)

- The depository
- The exchange
- The depository's regulator
- Other (please answer 23a)
- Not applicable

23a. Please explain:

SIX SIS monitors compliance with the participation requirements on an ongoing basis (see art. 24 (4) NBO). The state of participants is reviewed regarding legal, financial and operational aspects. A main point of this review is events concerning the business activities and continuance of a participant and raising the question whether the

participant can meet its obligations vis-à-vis SIX SIS in future. It is also a condition of participation that a participant continues to meet the requirements on an ongoing basis. If compliance is doubtful, SIX SIS takes the required and suitable measures to re-establish compliance with the requirements. Where appropriate, SIX SIS is entitled to suspend participation if there are indications that the participant no longer fulfills the requirement for participation. In some cases, even termination might be an adequate measure. The principles for participation and its suspension and termination are governed by art. 1 and 2 GTC SIX SIS.

24. What enforcement actions are available to the enforcement authority? (Choose all that apply.)

- Fines
- Restrictions on participation
- Suspension of participation
- Termination of participation
- Other (please answer 24a)
- Not applicable

25. Has there been any such enforcement actions in the last three years?

- Yes (please answer 25a)
- No
- Not applicable
- Other (please answer 25b)

ACCOUNT STRUCTURES AND RECORDKEEPING

The purpose of this section is to identify the nature of accounts; the naming convention is employed, the level of segregation achieved, accessibility in the event of bankruptcy and the frequency of reporting generated from them.

41. Are participants permitted to maintain more than one account at the depository?

Yes (please answer 41a)

No

Not applicable

Other (please answer 41d)

41a. If yes, please indicate number: (Choose one.)

- An unlimited number of accounts.
- More than one account (please answer 41b and indicate how many)
- Other (e.g. subaccounts) (please answer 41c)

42. Are participants required/permitted to segregate assets held for their own benefit from those they hold for their clients?

- Yes (please answer 42a)
- No
- Not applicable
- Other (please answer 42d)

42a. If yes, is segregation required or simply permitted?

- Required (please answer 42b)
- Permitted (please answer 42b)
- Other (please answer 42e)

42b. How does segregation occur? (Choose all that apply.)

- By separately designated participant accounts.
- By sub-accounts within a single participant account.
- By separately designated beneficial owner accounts.
- Other - e.g. share registration (please answer 42c)

43. Does the depository permit its participants to open accounts in the participant's own nominee name(s)?

- Yes (please answer 43a)
- No
- Other (please answer 43b)
- Not applicable

43a. If yes, do laws exist, which define as well as protect the rights of beneficial owners with respect to securities registered in nominee name?

- Yes
- No

44. In the event a participant's single or main account is blocked for any reason (e.g., insolvency, penalties, violations, liens), would securities held in any account or accounts on behalf of the participant's clients be accessible:

44a. By the participant's clients?

- Yes (please answer 44b)
- No
- Not applicable
- Other (please answer 44c)

44b. If yes, please describe briefly how clients of participants would access their securities and whether there would be any delay in their ability to do so:

Securities would be delivered to the authority controlling insolvency on behalf of the participant's client if the conditions of Swiss Debt Enforcement and Bankruptcy Law are fulfilled. Please also refer to Swiss Banking law Art. 25 -32 and 33-37.

44d. By the intervening authorities controlling insolvency or other proceedings?

- Yes (please answer 44e)
- No
- Not applicable
- Other (please answer 44f)

44e. If yes, please describe briefly under what conditions access would be granted to the intervening authorities:

Access by authorities controlling insolvency is only possible via the procedures defined in Swiss Debt Enforcement and Bankruptcy Law.

44g. By the participant's creditors?

- Yes (please answer 44h)

- No
- Not applicable
- Other (please answer 44i)

44j. By the depository's creditors?

- Yes (please answer 44k)
- No
- Not applicable
- Other (please answer 44l)

45. In what form does the depository maintain records identifying the assets of each participant? (Choose all that apply. Please refer to "Help" for clarification.)

- Computer file (please answer 45b)
- Microfiche (please answer 45b)
- Hard copy (please answer 45b)
- Computer tape (please answer 45b)
- Other (please answer 45a)

45b. In which format is the source data maintained?

The retention of data is in line with legal and business requirements. Data is maintained online for a certain period of time before being backed up to an archival database for two years. After two years the archived data is backed up onto tapes and can be retrieved upon request. The time span depends on the type of data. The archival database can be viewed via screens. System log files usually have a retention period of two years, whereas application log files are retained much longer (according to Swiss regulatory at least ten years).

Response Necessary/Eligibility Question

46. Rule 17f-7 requires that an Eligible Securities Depository "provides periodic reports to its participants with respect to its safekeeping of assets, including notices of transfers to or from any participant's account."

Does the depository make available periodic safekeeping reports to participants, including notices of transfers to or from the participant's account?

- Yes (please answer 46b)
- No (please answer 46a and then proceed to 48)
- Other (please answer 46a)

46b. If yes, please indicate the scheduled frequency: (Choose one.)

- Daily
- Weekly
- Monthly
- Quarterly
- Annually
- Upon request
- Other (please answer 46c)

47. What is your document and record retention policy for documents and records described above in this section? (Choose one.)

- 6 months or less
- 1 year
- 3 years
- 5 years
- 7 years
- Other (please answer 47a)

47a. If other, please explain:

The retention of data is in line with legal and business requirements. Data is maintained online for a certain period of time before being backed up to an archival database for two years. After two years the archived data is backed up onto tapes and can be retrieved upon request. The time span depends on the type of data. The archival database can be viewed via screens. System log files usually have a retention period of two years, whereas application log files are retained much longer (according to Swiss regulatory at least ten years). This does not exceed Swiss legal/regulatory requirements.

SETTLEMENTS

The purpose of this section is to identify the model of settlement employed, the relationship between cash and securities, and the basis on which participants meet their obligations.

48. The Committee on Payment and Settlement Systems of the Bank for International Settlements (BIS) has identified three common structural approaches or models for linking delivery and payment in a securities settlement system. Please indicate which model your procedures most closely resemble (Please refer to details on the models within the "Help" section located

below this question): (Choose all that apply.)

- Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. (please answer 48a)
- Model 2 - Gross Settlements of Securities Transfers Followed by Net Settlement of Funds Transfers. (please answer 48a)
- Model 3 - Simultaneous Net Settlement of Securities and Funds Transfers. (please answer 48a)
- Not applicable
- Other (please answer 48b)

48a. Please briefly describe your settlement process, including how your settlement procedures may vary from the model chosen above (and as described below in the Help section)?

Model 1: SIX SIS operates a strict SFIDVP-Settlement system (simultaneous, final, irrevocable, delivery versus payment). For the money settlement part SIX SIS' settlement system SECOM is realtime linked with:

- a) the Swiss National Bank's money transfer system SIC for settlements in CHF
- b) the SECB (Swiss Euro Clearing Bank GmbH, Frankfurt) money transfer system euroSic for settlements in EUR.
- c) Settlement through money accounts held at in SIX SIS (commercial bank money)

Question 48 Help:

Model 1 - Gross, Simultaneous Settlements of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds simultaneously on a trade-by-trade (gross) basis, with final (irrevocable and unconditional) transfer of securities from the seller to the buyer (delivery) occurring at the same time as final transfer of funds from the buyer to the seller (payment). The securities settlement system maintains securities accounts and funds accounts for participants. Transfer of securities and cash are made by bookentry.

Model 2 - Gross Settlements of Securities Transfers Followed by Net Settlement of Funds Transfers. These systems settle securities transfer instructions on a trade-for-trade (gross) basis, with final transfer of securities from the seller to the buyer (delivery) occurring throughout the processing cycle, but settle funds transfer instruction on a net basis, with final transfer of funds from the buyer to the seller (payment) occurring at the end of the processing cycle.

The securities settlement system maintains securities accounts for participants, but funds accounts are usually held by another entity (often a commercial bank or the central bank). Securities are transferred by book-entry, such transfer being final at the instant the entries are made on the securities settlement system's books. The corresponding funds transfers are irrevocable, but not final. During the processing cycle, the system calculates running balances of funds debits and credits, the balance being settled at the end of the processing cycle when the net debit and net credit positions are posted on the books of the commercial bank or central bank that maintains the funds accounts. Settlement of funds accounts may occur once a day or several times a day.

Model 3 - Simultaneous Net Settlement of Securities and Funds Transfers. These systems settle transfer instructions for both securities and funds on a net basis, with final transfer of both occurring at the end of the processing cycle. Settlement may occur once a day or several times a day. The securities settlement system maintains securities accounts for participants. Funds accounts may be maintained by another entity, either a commercial bank or the central bank.

During a processing cycle, running balances of debits and credits to funds and securities accounts are calculated. All funds and securities transfers are provisional until the end of the processing cycle, at which time book-entry transfer of securities take place. If and only if all participants have sufficient balances of funds and securities, final transfers of the net securities balances and net funds balances are executed.

49. Are the cash and security movements simultaneous?

- Yes
- No (please answer 49a)
- Not applicable
- Other (please answer 49c)

OWNERSHIP OF SECURITIES

The purpose of this section is to determine how ownership of securities is represented, the ways the depository maintains ownership or control of securities held in the depository, and the extent to which ownership of assets held by the depository is separated from the proprietary assets of the depository.

50. How are depository eligible securities held by the depository?

- Securities in the depository are held in dematerialized form.
- Securities in the depository are held in certificated form.
- Other (please answer 50a)

51. If depository eligible securities are certificated, can depository eligible securities be held outside of the depository?

- All eligible securities must be held in the depository. (please answer 51b)
- Securities may move freely into and out of the depository. (please answer 51h)
- Once entered into the depository, eligible securities must remain in the depository. (please answer 51b)
- Certain designated securities may be held outside the depository. (please answer 51a)
- Not applicable
- Other (please answer 51k)

51h. If depository eligible securities may be held either in or out of the depository, are these certificates:

- Bearer (please answer 51i)
- Registered (please answer 51i)
- Other (please answer 51j)

51i. What are the control features for receipt of certificates to the depository (e.g., authentication procedures, re-registration)? Please describe:

All securities to be deposited in our vault are checked in respect of eligibility (stopped or drawn securities are not accepted, quality and authenticity with the help of, inter alia, a controlling device using ultraviolet light. Certificates received physically are cross-checked against the database of SIX Telekurs prior to crediting the clients safekeeping account. The SIX Telekurs database comprises all stolen and lost securities. Should the crosscheck reveal any stolen or lost securities, SIX SIS immediately informs clients either by phone or MT599.

52. If securities are dematerialized:**May dematerialized security positions be re-certificated and held outside the depository?**

- Yes (please answer 52a)
- No (please answer 52a)
- Not applicable
- Other (please answer 52j)

52a. Are the securities held: (Choose all that apply.)

- Through book-entry at the depository
- Through book-entry at a registrar or issuer (please answer 52b)
- Other (please answer 52k)

52d. If the securities held by the depository are recorded by book entry at the registrar, are the securities registered only to the depository, with the depository providing the function of recording ownership on a centralized basis for the market? (Choose all that apply.)

- Yes (please answer 52e)
- No (please answer 52g)
- Other (please answer 52l)

52g. If the securities held with the depository are recorded by book-entry at the registrar but are not registered exclusively to the depository, may they be registered to:

- The beneficial owner
- A nominee
- Other (please answer 52h)

52h. Please describe:

Please note that in the Swiss market, securities are usually registered in the final beneficiary owner's name in the company's share register. SIX SIS manages registered shares per

participant and has no knowledge of the name of the shareholders.

52i. If the securities held with the depository are recorded by book-entry at the registrar, what are the control features at the registrar for transfer of registrar positions to and from the depository (e.g., authentication procedures, reconciliation, confirmation of position at registrar)? Please describe:

SIX SIS is not the official registrar. For registered shares, the register of shareholders is not maintained by SIX SIS but it has automated links with some registrars. In the cases where the local custodians have requested the registration, SECOM will automatically send the request to update the registrar when the trade is settled.

Response Necessary/Eligibility Question

53. Rule 17f-7 requires that an Eligible Securities Depository “maintains records that identify the assets of each participant and segregate the system's own assets from the assets of participants.”

Does the depository maintain records that identify the assets of each participant and segregate the system's own assets from the assets of participants?

- Yes
 No
 Not applicable (please answer 53a)
 Other (please answer 53a)

54. Does the law protect participant assets from claims and liabilities of the depository?

- Yes
 No
 Not applicable
 Other (please answer 54a)

55. Can the depository assess a lien on participant accounts? (A lien would entitle the depository to take and hold or sell the securities of the participant in payment of a debt.)

- Yes (please answer 55a)
 No
 Not applicable
 Other (please answer 55o)

55a. If yes, for what reasons are liens or similar claims imposed? (Choose all that apply.)

- Fees and expenses
 Collateralization of overdrafts
 To secure payment for purchased securities
 Other (please answer 55b)

55b. Please describe:

Please note that differences between the right of retention (Art. 48a GTC SIX SIS), the right to pledge the participants own securities assets and money claims of the participant (Art. 48b GTC SIX SIS) and the right to set-off (Art. 48c GTC SIX SIS): SIX SIS shall be entitled to retain and foreclose on client custody assets of the participants only when a debt owed by the participant arises out of the custody of the securities (i.e. custody fees) or the financing of their acquisition by SIX SIS (Art. 48a GTC SIX SIS). SIX SIS hereby does nothing else but what is laid down in Art. 21 FISA.

SIX SIS is entitled to a lien and foreclosure on all securities held in custody or booked for the participant as the participant's own holdings and on money claims of the participant against SIX SIS. Therefore, SIX SIS has no right to charge security interest, make participant's securities accounts subject to any lien, right of retention or claim of any kind, other than a lien attached to the participant's own account deposited as security for fees reasonably arising from safekeeping and administration of services.

55c. Please indicate the limits of this lien as indicated below: (Choose one.)

- The lien is limited to securities in the participant's proprietary account.
 The lien is limited to securities in the course of purchase and sale transactions, but does not extend to settled positions.
 The lien may extend to settled client positions. (please answer 55d)
 Other (please answer 55d)

55e. If a lien is placed on a participant's account which has been designated for its clients, will the depository select certain securities to be subject to the lien?

- Yes (please answer 55f)
 No (please answer 55h)
 Other (please answer 55n)

55i. If other, please describe:

For its claims, SIX SIS is entitled to a lien and foreclosure on all securities held in custody or booked for the participant as the participant's own holdings and on money claims of the participant against SIX SIS.

55j. For accounts designated as client accounts, do procedures exist to restrict the placement of liens only to obligations arising from safe custody and administration of those accounts?

- Yes (please answer 55k)
- No
- Other (please answer 55m)

55n. If other, please explain:

SIX SIS is entitled to a lien and foreclosure on all securities held in custody or booked for the participant as the participant's own holdings and on money claims of the participant against SIX SIS.

56. Transfer of Legal Ownership**Does the depository have legal authority to transfer title to securities?**

- Yes (please answer 56a)
- No
- Not applicable
- Other (please answer 56e)

56e. If other, please explain:

We have no legal authority to transfer title to securities. We only hand transfers by client instructions. Please find all details in our GTC, Art. 34a.

HANDLING OF SECURITIES OUTSIDE THE DEPOSITORY ENVIRONMENT

The purpose of this section is to consider the process (and any risk inherent within such a process) that involves the safekeeping of client assets while they are being removed from a depository and being lodged into a depository.

57. How are eligible securities lodged (that is, placed) in the depository system? (Choose all that apply.)

- A registered certificate in the name of the depository is delivered to the depository.
- A participant delivers the security with a valid transfer deed or stock power or other transfer document to the depository which then effects registration.
- A registrar re-registers the security in the name of the depository.
- Other (please answer 57a)
- Not applicable

58. When are securities lodged into the depository reflected in a participant's depository account? (Choose all that apply.)

- Securities are reflected in the participant depository account immediately upon delivery to the depository.
- Securities are re-registered prior to being reflected in the participant's depository account.
- Other (please answer 58a)
- Not applicable

59. How long does it usually take to lodge securities with the depository? (Choose one.)

- 1 to 2 days
- 3 days to 1 week
- 2 to 4 weeks
- More than 4 weeks (please answer 59a)
- Not applicable
- Other (please answer 59b)

60. During the process of lodging securities into the depository, can the securities: Be traded?

- Yes
- No (please answer 60c)
- Not applicable

Other (please answer 60c)

60a. During the process of lodging securities into the depository, can the securities: Be settled?

- Yes
 No (please answer 60d)
 Not applicable
 Other (please answer 60d)

60b. During the process of lodging securities into the depository, can the securities: Have ownership transferred?

- Yes
 No (please answer 60e)
 Not applicable
 Other (please answer 60e)

60d. If they cannot be settled, or if you answered other, please explain:

SIX SIS settles transactions on a true delivery versus payment basis. They will only settle if both securities and cash are available. Cash and securities will be booked simultaneously and irrevocably.

60e. If ownership cannot be transferred, or if you answered other, please explain:

Positions must be definitely booked in the custody account before a transfer can be executed. Transfer instructions remain pending until sufficient cover is provided in the custody account.

61. Are securities immediately available for delivery upon transfer to the depository?

- Yes
 No (please answer 61a)
 Not applicable
 Other (please answer 61d)

62. Please describe briefly the arrangements/procedures/facilities you maintain to ensure that eligible securities held at the depository are handled at least as efficiently as compared to securities held outside the depository, particularly in relation to income, corporate actions and proxy services.

Eligible securities held at the CSD are handled the most efficient way possible. For the Swiss market, corporate action notification is always provided by the main paying agent (lead manager, paying agent or applying bank). The main paying agent undertakes to provide SIX SIS, without delay, all necessary information on a specific security (corporate actions, distributions, commissions, etc.). All corporate action entitlements are processed by SIX SIS on behalf of and in collaboration with the Swiss main paying agents.

63. What transfer process steps are involved when eligible securities are withdrawn from the depository for safekeeping? (Choose one.)

- Securities are re-registered into the name of the beneficial owner or a nominee.
 Securities are re-certificated and re-registered into the name of the beneficial owner or a nominee.
 Securities are re-certificated and delivered as bearer instruments.
 Securities are transferred as is any physical delivery in the market.
 Other (please answer 63a)
 Not applicable.

64. How long does it usually take to remove securities from the depository? (Choose one.)

- 1 to 2 days
 3 days to 1 week
 2 to 4 weeks
 More than 4 weeks (please answer 64a)
 Not applicable
 Other (please answer 64b)

65. While the securities are being removed from the depository, can they:

65a. Be traded? (Choose one)

- No (please answer 65b)
 Not applicable

- Yes
- Other (please answer 65b)

65c. Be settled?

- No (please answer 65d)
- Not applicable
- Yes
- Other (please answer 65d)

65d. Please explain:

The participant to be debited must ensure that at the time of booking there is sufficient cover (securities). If this is not the case, SIX SIS is entitled to compensation through the acquisition of securities to the amount corresponding to the shortfall positions the day after the settlement date and at the expense of the participant(s) having caused the shortfall.

65e. Have ownership transferred?

- No (please answer 65f)
- Not applicable
- Yes
- Other (please answer 65f)

65f. Please explain:

Transfer instructions remain pending until sufficient cover is provided in the custody account.

STANDARD OF CARE

The purpose of this section is to understand the responsibility and liability that the depository has in providing services to its participants/members in the settlement and clearing of securities and/or cash, and to understand what type of protections exist for participants in the event of a participant failure/default.

Depository Liability

66. Does the depository accept liability (independent of any insurance coverage) for the following:

- Yes (please answer 72a)
- No (please proceed to 74)
- Not applicable (please proceed to 74)
- Other (please answer 72a)

72a. Please explain:

SIX SIS communicates with all market participants such as stock exchanges, payment systems, clearing houses, etc., by secured linkages. The reciprocal rights and obligations arising from links with other financial market infrastructures such as links to other CSDs and foreign sub-custodians, e.g., have to fulfil clear legal and operative criteria. There are also other links, for instance to central counterparties (CCPs) and trading platforms. Operations procedures are, as far as required for the link with a certain financial market infrastructure, governed by concrete service level agreements.

73. How does the depository communicate with other market entities?

75a. Please indicate frequency of vault counts: Regular inventory inspections and reconciliations take place to ensure the integrity and physical verification of securities held in the vault.

75b. Please explain:

SIX SIS has strict internal controls in place to ensure the four-eyes principle is applied to all processes associated with the storage and delivery of physical instruments. Internal Audit regularly reviews and assesses these processes.

Participant Default Protections Resulting from a Participant Failure

76. If a participant defaults, how is the loss covered? (Choose all that apply?)

- Depository insurance covers the loss (please answer 76a)
- The depository guaranty fund covers the loss
- Loss is shared among participants (please answer 76b)
- Other (please answer 76d)
- Not applicable

76d. Please explain:

In relation to losses, SIX SIS does not use a solidarity principle but ensures with its sound and conservative risk management principles that it's risks against counterparties are held at a minimum. SIX SIS's credit policy allows credit against participants only on a fully collateralized basis against the pledge of high quality collateral (SNB GC Basket eligible for Repo with the Swiss National Bank). Any pre-financings are granted for the sole purpose of securities settlement. They are short-term in nature and must be repaid on the day following the advance. SIX SIS's default management procedure initially foresees loss prevention and mitigation measures through the suspension of the participant, freezing of all cash and securities accounts and cancellation of credit facilities to prevent the accumulation of additional exposure. Depending on the remaining exposure, Risk Management then decides on the liquidation strategy of the defaulting participant's collateral.

77. During the past three years, has there been a situation where a participant defaulted which resulted in a significant loss?

- Yes (please answer 77a)
- No
- Not applicable
- Other (please answer 77a)

- Other (please answer 78g)

78g. If other, please explain:

N/A; there is no guaranty fund.

78h. Who is covered by the fund? (Choose all that apply.)

- Direct depository participants only
- The beneficial owner also
- Other (please answer 78i)

78i. If other, please explain:

N/A; there is no guaranty fund.

78j. When is the guaranty fund used? (Choose all that apply.)

- When a broker defaults
- When a direct participant defaults
- Other (please answer 78k)

78k. If other, please explain:

N/A; there is no guaranty fund.

79. Does the depository have forms of oversight management for assessing and monitoring of the following? (Choose all that apply.)

- Participant eligibility requirements
- Participant volumes
- Participant financial strength
- Other loss or default protections the depository maintains (please answer 79a)
- Collateral requirements for participants (please answer 79b)
- Debit caps for participants (please answer 79c)
- Settlement controls that minimize or eliminate the risk of default by a participant (please answer 79d)
- Blocking of securities movement before receipt of payment
- Blocking payment until securities are moved
- Other forms of risk management used for assessing and monitoring participant exposures (please answer 79i)
- Not applicable

79b. Please explain the requirements:

The process with regard to counterparty risk and short-term interim financing includes annual reviews and a daily mark-to-market valuation of the collateral. SIX SIS has conservative collateral norms and applies at least the standards as defined in the Basel III Accord. For each participant applying for a credit facility, a credit analysis will be performed. The spectrum of credit facilities available depends on their creditworthiness and the collateral provided. SIX SIS uses the Swiss standard approach to calculate its capital adequacy requirements for credit risks according to Basel III.

79c. Please explain how these debit caps work:

SIX SIS operates a conservative credit policy and consequently credit lines are, in principle, only granted against collateral. The individual credit lines are regularly reviewed by Financial Risk Management. Any limit violation is monitored daily by Risk Management Operations and appropriate actions are taken to prevent issues with late settlements. As soon as a participant exceeds this line, a realtime warning is issued and all debits are immediately stopped for this participant.

79d. What type or types of settlement controls (Choose all that apply.)

- Blocking or freezing of securities positions (please answer 79e)
- Controlling DVP settlement (please answer 79f)
- Simultaneous DVP (please answer 79g)
- Other (please answer 79h)

79e. Please explain:

The blocking of securities position on settlement day occurs until the money is received from the counterparty. By using SECOM, credit risks are reduced through the use of the highly sophisticated risk engine. SECOM stands for a high security standard regarding availability, integrity, confidentiality and traceability throughout the entire processing of transactions. Routing transactions through SECOM may require valid credit lines in situations where the respective SIX SIS participant has insufficient funds or securities to settle the RVP/DVP instruction. SECOM will block any transactions due to a shortage of cash or securities and/or collateral and will inform customers in real-time via status intimations about insufficient cash, securities or collateral.

79f. Please explain:

1. Securities of the deliverer side are blocked irrevocably provided enough position is available;
2. Cash will be transferred from the receiver to the deliverer when enough position is available (CHF via SIC, Euro via euroSIC);
3. Definitive securities transfer booking from seller to buyer is executed.

79g. Please explain:

The SECOM-based settlement procedure is abbreviated SFIDVP (Simultaneous Final and Irrevocable Delivery Versus Payment) and executed in real time. This process involves the rapid, secure and properly recorded transfer of a securities position from the seller to the buyer with simultaneous payment from the buyer to the seller. The booking of orders on a trade-by-trade basis serves to significantly enhance efficiency and reduces the fail rate to nearly zero.

79i. Please explain briefly how these work:

There is a hold-and-release mechanism in place in order to hold back settlement of a trade by the participant. Furthermore, real-time planning instruments are available so that participants can estimate on the required liquidity in cash and securities prior to the settlement day. Participants using credit lines are constantly monitored.

80. Does the stock exchange have default protections that extend to the depository, such as the following? (Choose all that apply.)

- Margin requirements for stock exchange members
- Guaranty fund for stock exchange members
- Financial requirements for stock exchange membership
- Other (please answer 80a)
- No
- Not applicable
